

# Free Wifi

at York Barracks

## Welcome to Münster!

**For Wifi, connect to the „Freifunk“ network.  
No registration or password required.**

There is some Wifi available at the site. This is provided by „Freifunk“ a free and open community network run by volunteers.

We would like to improve and grow this network here and other places. If you want to help us with this you are more than welcome!

We are looking for people that want to take care of the local network and can teach others about it.

We are especially looking for copywriters, graphics artists, people that know Linux and

networking. We are also looking for ideas for applications that may help refugees.

If you are interested or simply want to know more about what Freifunk is and what we do, please mail us at:

Freifunk in Münster is supported by Warpzone. Warpzone is the local Hackerspace. If you enjoy electronics and tinkering, you may want to get in touch with us as well at: [warpzone@warpzone.ms](mailto:warpzone@warpzone.ms)
